CORRESPONDENCE & COMMUNICATIONS

Jr. Schneider noted that HOSA students managed a Northern Regional Conference on January 30, 2014. Lucille Jones, Principal of Assunpink Center said it was the first time to manage an external conference. Ms. Jones also stated that HOSA students received $1,000 from U Got Brains Champion Schools Program for their report on No Texting and Driving.

Ms. Swirsky presented the MCTS Preliminary Budget information for 2014-2015 school year. Regarding enrollment, Ms. Swirsky noted the shared-time and full-time student increase. Ms. Swirsky explained that the Evening School and Health Career enrollments are not included in the ASSA count, therefore, MCTS does not receive any State funding for those students. Ms. Swirsky reviewed the current year update page and noted the Health Science Academy graduation in June 2014.

Ms. Lucille Jones, Principal of Assunpink Center, stated the graduation date is June 20, 2014, 2:00 pm at the Kelsey Theater and that Board members will receive invitations.

Ms. Stinger asked, what is the maximum number of students planned?

Dr. Schneider stated it was conservatively projected at 25 per grade.

Ms. Swirsky continued with the Background Information noting that the Governor’s Address is expected on February 25, 2014 and State aid is released 24 hours later. Ms. Swirsky further stated that she felt the fact that there has been discussion about a delay in the budget approvals as late as April 20, is a concern that the amount of aid may be flat or even reduced. Reviewing Budget Factors, Ms. Swirsky pointed out that MCTS and Assistant Superintendent Dana Hice DePugh worked together to estimate the enrollment numbers.

Mr. Murphy said he noticed a projected increase for the PERS pension cost, but listed a reduction.

Ms. Swirsky explained that the reduction was unexpected and unusual. It may have been that the district had less PERS salaries, but DOE has informed us of the potential increase of 12.5% and we have to budget that amount.

Ms. Swirsky stated, with Tanya, a sale of 712 SREC’s is scheduled and was hoping for a sale price of $175 for revenue.

The Capital Projects were discussed. Dr. Schneider noted that the work will continue for approximately five (5) more years.

Ms. Swirsky noted that the district’s capital reserve is currently $905,841. Tanya Dawson explained that there was a deposit of $500,000 at June 30, 2013, however, $200,000 has been withdrawn for this year’s projects.

Ms. Swirsky explained that the district has to match 60% or $2,337,394, of the approved ROD Grant of $4,228,990. This can be done with capital reserve and any shortfall can be made up with a five (5) year equipment lease. After discussion with Sean Cavalier, Manager of Buildings and Grounds, it was determined to start ROD projects in the 2015-2016 school year.

Ms. Dawson stated that she and Ms. Swirsky will be attending a training on ROD Grants at the end of February 2014.

Dr. Schneider noted that DOE had taken some of the district’s funding in the past and that was a concern.

Mr. Murphy asked, what if the district has to have a longer day and a longer school year, where’s the funding?

Ms. Dawson explained that the State came out with a new formula based on attendance that required a 96% attendance rate. MCTS came in around 94% and lost some funding. Ms. Dawson explained that was something we were not aware of before it happened.

Ms. Swirsky explained that districts have no way to save any expenses for students that are out ill and probably have additional costs for home instruction.

Dr. Morana noted that could be discussed at the Superintendent’s Roundtable.

Mr. Pitman asked the Board members if they wanted to be notified in the event of the district being closed due to an emergency or inclement weather by the automated message system. A sign up list was passed around for Board members to insert their preferred contact number.
Dr. Schneider stated the contact list could also be used should the school be closed, but a Board meeting may not be cancelled due to time sensitive items on the agenda.

SUPERINTENDENT’S REPORT
